STEM FROM DANCE

EVERY SESSION · EVERY MODULE

How to run a session

Teach one lesson each session. Every session follows the same four moves.

BEFORE EACH SESSION Read the Lesson Plan, gather the materials and test the video.

1 Warm up

Move together, then hand out Dance Crew Roles.

Lesson 1: give out roles. After that, a quick 2-minute rotation.

2 Learn

Play the video and ask the Big Question.

Keep it short. The hands-on part teaches the most.

3 Try it

Crews build, test or dance. Let them choose.

Step back and ask questions instead of giving answers.

4 Reflect

Close with a 3-2-1.

3 things I learned, 2 questions, 1 move to show my family.

Repeat for every lesson in the module

MILESTONE MOMENT

When she earns a milestone, make it a moment

She adds the sticker to her Passport. Check her box on your Club Tracker the same day.

LAST SESSION

Showcase and celebrate

Crews perform. Girls take the Impact Index survey, and you take your Post-Module Survey.

Exact times, materials and what to say are in each lesson's Lesson Plan in Disco. Questions? Bring them to Club Support Hours or email partnerships@stemfromdance.org.
